IMPORTANT EXHIBITOR INFORMATION

Exhibitors **MUST** use **ONLINE REGISTRATION** to submit entries.

The **EXHIBITORS TABLOID** and **ONLINE REGISTRATION INSTRUCTIONS** are in pdf format, which are located on the **EXHIBITORS** page of the Gratz Fair website (www.gratzfair.net). Online Registration will be easier to understand if you print/review that document before proceeding.

Online Entries will be accepted through August 31, 2020.

ORDER OF EXHIBITION AND RULES AND REGULATIONS

- A. NO Paper Entry Form will be needed/available this year. Personal information and entries must be made online from the **Exhibitors** page to the **Blue Ribbon Fair Management System**. One exhibitor number will be assigned to be used by the exhibitor in all departments entered.
- B. Registration deadline is August 31, 2020. Registration means that entries must be entered into the **Blue Ribbon Fair Management System** no later than the deadline. Do not write/mail or give to the Chairperson; those methods are not acceptable.
- C. Changes will be accepted until the date of delivery for an exhibit or animal entered in the wrong class or being substituted. However, no additional animals or articles will be accepted after the deadline.
- D. Right is reserved to close entries before specified closing date.
- E. It shall be the responsibility of the exhibitor to properly classify the LIVESTOCK that is being entered. Any livestock improperly entered will be disqualified.
- F. Reasonable care will be taken to protect all livestock on display from all injury and damage but the fair is not, in any way, to be held responsible for accidents, loss or damage by water, fire, theft, or otherwise, whatever may be the cause or extent of the damage or loss.
- G. No entry for the same animal will be made in more than one department. An entry can draw just one 1st prize. **Individual exhibitor maximum of 2 market animals per class. Maximum of 3 market animals combined for all species at check-in. To participate in Market Showman, you must enter that class.**
- H. Chairpersons reserve the right to bar from competition livestock of decidedly inferior quality and those not possessing sufficient merit to warrant recognition. The fair reserves the right to remove any livestock not worthy of viewing by the public.
- I. No livestock may be removed at any time before the close of the fair except by consent of management.
- J. Where award ribbons are stolen or destroyed, the exhibitor may receive a duplicate at the close of the fair or show which will be supplied by the fair free-of-charge.
- K. The fair management reserves the right to amend or add to these rules and regulations as its judgement may determine.
- L. In cases where there is no competition, judges may give an award such as they deem the livestock is worthy to receive. Same rule applies where there are fewer entries in any class than the number of awards offered. The judges may, at their discretion, award a ribbon or rosette. The decision of the judges shall be final in all cases except where mistakes, fraud, misrepresentation, or collusion - not discovered at the time of the award - is proved. In such cases, the Chairperson will make a decision.
- M. Appeals Process - if an exhibitor wishes to make an appeal or complaint, written notice (stating plainly the cause of the complaint or appeal) must be filed at the fair office within 24 hours of the occurrence. Order of appeal or complaint for resolution: 1) Exhibits Committee or Livestock Committee [as appropriate], 2) Appeals Committee [this committee will only deal with the appeal or complaint if unresolved by the Exhibits Committee or Livestock Committee]. Any appeal or complaint will be dealt with in a timely manner.
- NOTE: Considerable time and effort was put into the revision of the tabloid and the fair association will appreciate the whole-hearted cooperation of the exhibitors in classifying and numbering the various exhibits in accordance with the Youth Exhibitor Tabloid.

SOME ADVICE TO EXHIBITORS

Make your entries early either by mail or in person, and take your livestock to the grounds at the time designated in the rules, and don't ask to remove them until the time specified in that particular department. Upon arrival at the grounds with livestock for exhibition, proceed to

appropriate check-in, then to the appropriate building and inquire for the Chairperson of the Department in which you are an exhibitor, who will conduct you to the stall or space your livestock are to occupy. It is the responsibility of every exhibitor to select the proper class for each animal.

The ORDER OF EXHIBITION AND RULES AND REGULATIONS stated above must be followed.

If you desire any information in regard to the business of the exhibition pay no attention to rumors or here-say, but go to the Chairperson of the Department in which you are an exhibitor, who will take pleasure in giving you all desired information.

By following these suggestions you will save yourself much disappointment and trouble, and you will go home with better feeling and conscience of having made friends and having contributed to the enjoyment of others.

Any exhibitor interfering with the judges while making awards shall forfeit any awards to which he/she otherwise is entitled.

No evidence of awards will be recognized except the entry lists signed by the Chairpersons and judges.

GRATZ FAIR CODE OF SHOW RING ETHICS

The GRATZ FAIR has developed a Code of Show Ring Ethics to curtail unethical, deceptive and fraudulent show ring practices. The Code is as follows:

Exhibitors of livestock at the Gratz Fair shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to youth exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at the livestock show.

All youth leaders working with youth exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and may be prohibited from future exhibition in accordance with the rules adopted by the fair. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of GUIDELINES for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any fact relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by show officials.
3. Youth exhibitors are expected to care for and groom their animals while at the show.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance applicable with federal and state statues, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal and state statues, regulations and rules affect the animal's performance or appearance at the event.
If the laboratory report on the analysis of urine, saliva, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has

been administered to the animal either internally or externally. It is presumed that the sample urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the Gratz Fair premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct interference with the judge, show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair for violation of this Code of Show Ring Ethics. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, Pennsylvania State Association of County Fairs, including fairs, expositions and any special notices to members.
11. The act of entering of an animal in the show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is in violation of federal and state statues, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
